

**A
Project Report
On
"Discover Destination"**

Prepared by

Mr. Deep Ardeshta (23DCE004)
Mr. Prusht Bhalala (23DCE008)
Mr. Apurva Jayswal (23DC045)
Mr. Dhruvil Korat (23DCE060)

Under the guidance of

Dr. Premal Patel
Assistant Professor

A Report Submitted to

Charotar University of Science and Technology
for Partial Fulfillment of the Requirements for the
3rd Semester Project-1 (CE270)

Submitted at

**Department of Computer Engineering
Devang Patel Institute of Advance Technology and Research (DEPSTAR)
Faculty of Technology & Engineering (FTE), CHARUSAT**

At: Changa, Dist: Anand – 388421

October 2024

CHARUSAT[®]

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY

CERTIFICATE

This is to certify that the report entitled **"Discover Destination"** is a bonafied work carried out by **Mr. Deep Ardeshta (23DCE004), Mr. Prusht Bhalala (23DCE008), Mr. Apurva Jayswal (23DCE045), Mr. Dhruvil Korat (23DCE060)** under the guidance and supervision of **Dr. Premal Patel** for the subject **CE270-Project-I** of **3rd Semester** of Bachelor of Technology in Devang Patel Institute of Advance Technology & Research (DEPSTAR) at Faculty of Technology & Engineering – CHARUSAT, Gujarat.

To the best of my knowledge and belief, this work embodies the work of candidate himself, has duly been completed, and fulfills the requirement of the ordinance relating to the B.Tech. Degree of the University and is up to the standard in respect of content, presentation and language for being referred to the examiner.

Dr. Premal Patel
Assistant Professor

Department of Computer Engineering,
DEPSTAR, Changa, Gujarat.

Dr. Dweepna Garg
Head of Department & Assistant Professor
Department of Computer Engineering
DEPSTAR, CHARUSAT, Changa, Gujarat.

Devang Patel Institute of Advance Technology and Research
At: Changa, Ta. Petlad, Dist. Anand, PIN: 388 421. Gujarat

DECLARATION BY THE CANDIDATE

We hereby declare that the project report entitled “**Discover Destination**” submitted by us to Devang Patel Institute of Advance Technology & Research, Changa for Partial Fulfilment of the Requirements for the 3rd Semester Software Group **Project-I(CE270)** in Faculty of Technology and Engineering, DEPSTAR-CHARUSAT under the guidance of **Assistant Prof. Premal Patel**. I further declare that the work carried out and documented in this project report has not been submitted anywhere else either in part or in full and it is the original work, for the award of any other degree or diploma in this institute or any other institute or university.

Mr. Deep Ardeshta (23DCE004)
Mr. Prusht Bhalala (23DCE008)
Mr. Apurva Jayswal (23DC045)
Mr. Dhruvil Korat (23DCE060)

Prof. Premal Patel

Assistant Professor

Department of Computer Engineering,

DEPSTAR, CHARUSAT, Changa, Gujarat.

ABSTRACT

As travel enthusiasts plan their next adventure, finding the perfect destination can be a daunting task. Often, travelers rely on word-of-mouth recommendations or outdated information, making the decision process overwhelming. To simplify this, our project aims to develop a travel discovery website that helps users easily find the best destinations based on various factors such as location, attractions, and cost etc. . This platform will allow users to compare destinations, view amenities, and make informed decisions. It will also include features like destination ratings, detailed descriptions. . Additionally, the website will enable administrators to update information, ensuring that the content remains current and relevant for prospective travelers. By providing a streamlined interface, this website will serve as a valuable tool for users for great experience.

ACKNOWLEDGEMENT

We, the developer of web platform “**Discover Destination**”, with immense pleasure and commitment would like to present the project assignment. The development of this has project give us wide opportunity to think, implement and interact with various aspects of management skills as well as the new emerging technologies.

Every work that one completes successfully stands on the constant encouragement, good will and support of the friends, colleagues and people around. We hereby avail this opportunity to express our gratitude to number of people who extended their valuable time, full support and cooperation in developing the project.

I express deep sense of gratitude towards our Head of the CE Department, Dr. Dweepna Garg and project guides Assistant Prof. Premal Patel for the support during the whole session of study and development and without which this project would not have been completed. It is because of them, that we were prompted to do hard work, adopting new technologies.

Thanks,

Deep Ardehsna

Prusht Bhalala

Apurva Jayswal

Dhrumil Korat

CHAPTER 1: INTRODUCTION

1.1 PROJECT DEFINATION

- Discover Destination is a Web Platform that helps to travelers to travel various places in India . It is a tourist website, that give the comprehensive and cultural information of the place to travelers to make their trip more enjoyable.

1.2 OBJECTIVE

- Planning a Trip with Family or Friends is very Time Consuming. Finding the best visiting place in the trip is very complex . Discover Destination will give all information of that place so that traveler don't need to find anywhere.
- This Website will give the comprehensive and cultural information of that place with relatable Photographs and variety options.
- In the Website we included the best hotels of the different places so traveler don't need to find anywhere else. We also included many packages , if user want to check that it will be easy for him to plan better trip
- In That We included a new feature to view that place in better way , that is 360 view. In that People can see that place in different angles and also we included that in hotels section.

1.3 TOOLS & TECHNOLOGIES

- Editor: Visual Studio Code
- XAMPP web server
- For Front-end: HTML, CSS, JavaScript
- For 360 view : Momento360

CHAPTER 2: DESCRIPTION

- In this web application, tourists can easily explore popular destinations by filling out a simple form with key details like preferred location, budget, and desired activities.
- The platform provides comprehensive information about available hotels, travel packages, and popular places, including pricing, amenities and reviews from other travelers. Users can compare different options side by side before making a decision.
- The platform allows users to create an account, enabling them to log in at any time to save, review, and update their travel preferences or booking details.
- The website is designed to be highly user-friendly and compatible with mobile phones and other devices, making it easy for tourists to access travel information on the go. Additionally, the platform features 360-degree photos of hotels and popular places, giving users a virtual tour experience before they book.
- All user data is securely stored, and tourists must create an account and set a password to protect their personal information and access their saved preferences or bookings anytime.

CHAPTER 3: SOFTWARE & HARDWARE REQUIREMENTS

3.1 SOFTWARE REQUIREMENTS

- Chrome web browser
- XAMPP Software

3.2 HARDWARE REQUIREMENTS

- A Device with Internet Connection

CHAPTER 4: MAJOR FUNCTIONALITY

- **HOW TO USE THE SITE?**
- Open our website in chrome browser.
- First Sign In/Log In.
- Click Popular Places to check Different Places.
- Click The view more of your favorite place.
- Click View in 360 To see the 360 view.
- Click Hotels to see Different hotels
- Click view in 360 to see the 360 view of hotels.
- Click Explore Packages to see the variety Packages.

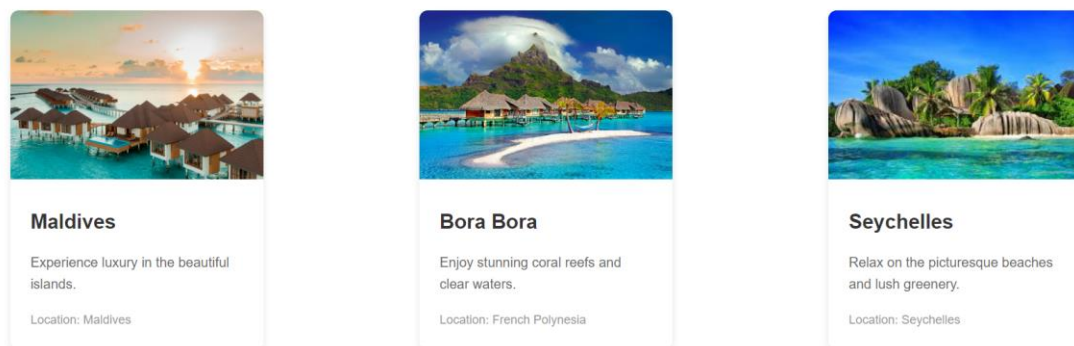

Fig 6.10 : Options of The Package

CHAPTER 7: LIMITATIONS

- Currently There are only static Information provided by us.
- Currently No Real Time Booking Available on our Website.
- We Don't have more resources to make high quality 360 view.

CHAPTER 8: OUTCOMES

So many new things that we learn from this project are:

- **Responsive Design:** Learned how to make a website compatible with various devices, ensuring a seamless user experience on mobile phones, tablets, and desktops.
- **User Experience (UX):** Improved our ability to design user-friendly interfaces that are intuitive and easy to navigate.
- **Virtual Tours:** Integrated 360-degree photos to provide users with a virtual tour experience, enhancing the overall appeal of the platform.

CHAPTER 9: FUTURE ENHANCEMENT

- Implement of More Traveling Places In the Website.
- We will add more hotels and their details in the future.
- We will Provide More 360 views for better experience.
- Booking Options will be provide.
